At Prospect Training Services (PTS), we always have staff available to help those who are struggling to stay in education, employment or training (NEET) across Gloucestershire. PTS' School Co-ordinator, Pippa Roberts has been working alongside the staff at Holmleigh Park to help students who are at risk of becoming NEET. Two of them said the following about Pippa's and PTS' hard work.

**The Careers Leader:** "Prospect Training Services has greatly impacted our students since Pippa has been running the NEET programme. Pippa is well organised, reliable and flexible to work around school and student needs. Her relationship with students is professional and very pastoral, and students pop in to ask her advice when they see her in school. Prospect Training Services allows our students to think and plan their future while taking on the Grit and Resilience strategies they have learnt in the course."

**The Assistant Head:** "Pippa has been working at Holmleigh Park with pupils at risk of becoming NEET. She is engaging, kind but also holds the pupils to account, which is exactly what they need. She has really helped get some clarity and assurance around the next steps for our pupils, and I thank her for her work."
