

Adult Education Case Study

Katherine (Gabriela) Landaverde

At Prospect Training Services (PTS), we always seek to help individuals gain the qualifications they need to progress to the next stage of their lives. We recently took on Katherine Landaverde (also and most known as Gabriela), who came to PTS to help improve her chances of finding a job.

She initially signed up with PTS to take her Functional Skills in English and maths. This consisted of her completing homework, practising her maths in class, and watching videos on the topic. "The classes were really good," she commented. "It was easy to understand, and the classes were also very dynamic".

Maxine Reid, PTS' Functional Skills Tutor, has worked with Gabriela to gain her Functional Skills and is incredibly proud of Gabriela's progress. Gabriela has now gained her Functional Skills in maths and continues working on her English. "She breezed through the maths qualification," commented Maxine. "Her attendance was phenomenal, and she displayed a positive, can-do attitude the whole time."

Gabriela said she would recommend others to PTS. "During this time, I learned a lot, and the teachers were excellent," Gabriela commented. "Now I have more knowledge, and it is a little easier to get a job." Good luck with your English qualification, Gabriela!
